

INDUSTRY

Commercial Air Transportation

DALLAS/FORT WORTH
INTERNATIONAL AIRPORT

SPECIFIC AREA

Airport Baggage Claim (Indoors) and Parking Lot
(Outdoor High-Bright Marquee)

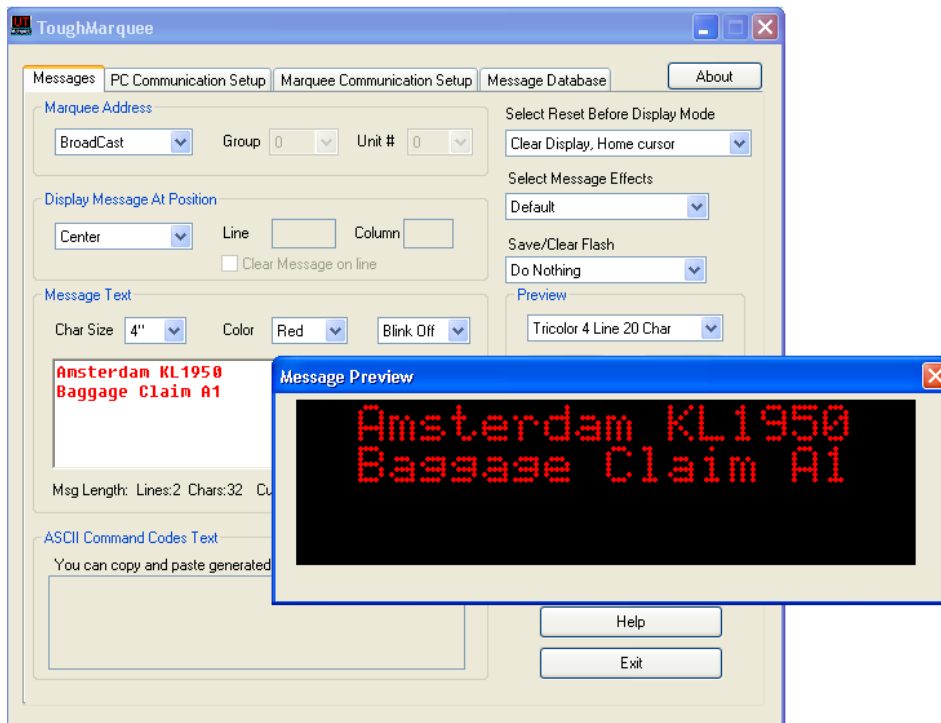

PRODUCT USED

4Line 20Character Uticor Tough Marquee Tri-color

APPLICATION

The Dallas Fort-Worth International Airport has installed 8 Uticor Marquees in the Parking Area displaying Messages showing changes to car parking and messages explaining delays, traffic diversions etc. There are also some Marquees mounted in the Baggage Claims area used to display Baggage carousel information. The ToughSmart software allows the operator to send suitable messages to the Marquee, as and when required, via Ethernet.

WHY UTICOR?

- **Sunlight Readable, Nema 4X, Class 1 Div 2 Rating:** Weather Resistant outdoor Marquee, resilient to varying weather conditions in Texas
- **High Bright LED:** Good visibility at dark. Helps passengers read the signs from a long distance
- **Remote Message Monitoring and controlling over Ethernet**
